RESULTS

A revitalizing skin therapy tanning experience and a hydrated, warm dark brown finish.

Revitalize Pro Spray Mist suits all skin types and tones for those wanting the ultimate revitalizing skin therapy tanning experience and warm, dark brown results. Our fast tanning actives begin to work immediately upon application. The cosmetic bronzer guide will rinse away during your quick lukewarm water rinse after setting 1-8 hours, while tanning actives continue to work within the skin and deepen over the next 24 hours, replacing the cosmetic bronzers. Formulated for salon professional use. Clients results should last 7-10 days without patchiness if well maintained.
