## TANNING TREATMENT

### 1 HOUR EXPRESS PRO SPRAY MIST

#### A RICH, SUPER DARK BROWN SKIN FINISH WITH ULTRA HYDRATING COCONUT WATER

The world's first coconut water based tan is a one-of-a-kind bronzing treatment, supercharged with antioxidants to restore skin hydration, whilst revitalizing the skin. The weightless formula absorbs quickly to lock in moisture, while essential fatty acids found in natural coconut soothe dry areas and improve overall skin texture and tone. The boost in hydration replenishes the skin, making this 1 Hour Tan work as a natural moisturizer while delivering a fast, rich super dark brown skin finish.

#### KEY FEATURES

#### RESULTS

An intensely hydrating skin therapy experience that instantly gives you a rich, super dark brown skin finish.

Coconut Water Pro Spray Mist suits all skin types and tones for those wanting an intensely hydrating, rich, super dark brown skin finish. Our fast tanning actives begin to work immediately upon application. The cosmetic bronzer guide will rinse away during your quick lukewarm water rinse after setting 1-8 hours, while tanning actives continue to work within the skin and deepen over the next 24 hours, replacing the cosmetic bronzers. Formulated for salon professional use. Client results should last 7-10 days without patchiness if well maintained.
