

RefectoCil No. 2 Blue Black

Eyelash and Eyebrow Tint, 15 ml.

Beautiful Blue Black – create a mind-blowing blue black style

Blue Black No.2 by RefectoCil is specifically designed for style concepts demanding more than just a regular black. Lend extra colour depth and brilliance to any blue black look – with expert colouring by RefectoCil.

- Long, dark and full eyelashes
- Perfectly defined eyebrows
- Lasts up to 6 weeks
- Content: sufficient for approximately 30 applications
- Individually customizable colour, 9 base shades, 8 mixable!

Target group:

RefectoCil No. 2 is a shade of black with a soft blue shimmer

- is the most popular shade for eyelash tinting
- adds additional depth and shine

Application:

- Preparation: use RefectoCil Silicone Pads or Skin Protection Cream and Eye protection papers according to instructions.
- Mix 2 cm of tint and 10 drops of RefectoCil Oxidant liquid or 15-20 drops of RefectoCil Oxidant cream to create a creamy paste. Apply to eyelashes and eyebrows.
- Leave on for 10 minutes.
- Remove by using cotton wool and water.

If RefectoCil Blonde Brow has been previously used, the application time is shortened by 1-5 minutes, with RefectoCil Eyelash Curl it's shortened to 2 minutes.

GROUP DATA SHEET
Hair colorants (oxidative)
Last modified: 2016-02-05, GWC

1. Identification of the product

Mixture of colouring agents on a cream or gel basis for use in combination with oxidising agents to colour hair.

2. Hazards identification

When used properly, the product is safe and tolerable in accordance with the legal provisions (Article 3 of the EU Cosmetics Regulation). The following information applies to inadvertent misuse or accidents as well as possible commercial uses.

Irritating to eyes and skin; product may trigger an allergic reaction.

3. First aid measures

Measures in the event of

–contact with eyes: rinse thoroughly with plenty of lukewarm water immediately (remove contact lenses first); then consult a doctor (ophthalmologist) without delay.

–ingestion of larger amounts: do not induce vomiting. Rinse out mouth and drink about one to two glasses of water. Where appropriate, consult competent Poison Control Centre or doctor.

–contact with skin: immediately wash off with water and soap; skincare. If skin irritation occurs, consult doctor.

When consulting a doctor or a Poison Control Centre always have packaging or label and possibly package insert available.

4. Fire fighting measures

All common extinguishing agents are suitable.

5. Accidental release measures; disposal considerations

In the event of spillage/leakage: mop up main volume with cloths; when larger amounts are involved, dispose of cloths or mopping up material by controlled disposal. Remove rest with water and common cleaning agent. Wear suitable protective gloves (see 6.)

Packaging should be recycled after residual emptying. Filled, unused packages must be disposed of separately in accordance with the waste management directives of the municipality.

6. Handling and storage

Must be used in accordance with manufacturer's instructions, wear gloves (single-use gloves in accordance with DIN EN 374 of PVC or nitrile). Avoid contact with textiles. Observe any warnings on packaging.

Avoid contact with eyes or facial skin.

Reseal container after use. Use immediately after mixing with oxidising agent. Dispose of any left-over application mixture after completion of colour treatment.

Store in a cool and dry place (not above room temperature).

7. Other information

Refer to conditions of use and any warnings on the product or packaging.

For consultation in the event of poisoning, the Poison Control Centres have additional details about the individual products. When consulting a Poison Control Centre always keep packaging or label and possibly package insert available.
