

G base / SU-23B Assembly Instructions

Part List

			
A.Stainless steel base	B.Bowl	C.Pipe	D.Drain
1pc	1pc	1pc	1pc
			
E.Expansion bolt	F.Washer Ø8 × 22	G.Screw nut M8	
4pcs	4pcs	4pcs	

Installation:

- 1.Open backcover on A, take handle out by releasing screws and fasten handle on outside of backcover; Align the metal bar on the bottom of A with holes on the ground, and fix E through the metal bar into ground.
- 2.Attach one end of C to the bottom of B and ensure they are well connected.
- 3.Place B on top of A, allowing C go through the centered hole on top of A, and insert the bolt of B into the small holes around centered hole, then screw G with F onto the bolt of B.
- 4.Place D into the centered hole on the bottom of B as shown in chart 4.
- 5.Make sure all the parts are securely fitted before use.
